

# COOLIDGE UNIFIED SCHOOL DISTRICT

## SCHOOL REOPENING

Pinal County has met the Arizona Department of Health Services metrics to open as a hybrid learning model on Monday, September 14, 2020.

Students that registered for full time in person will attend school on Mondays and Wednesdays; those that registered for hybrid will attend on Tuesdays and Thursdays. Sites may adjust days to even out the number of students on campus on any given day. If the data continues as it is, there is an excellent chance we can open up full time in person very shortly.

### Acknowledgement Letter

As required by our insurance company, each child must have a parent sign an acknowledgement letter. Follow the link below to complete.

### Transportation

Buses will run on Monday, September 14, 2020 and follow last year's stops and times. An auto dialer will go out next week for specifics or you can contact Dan McWilliams at [dan.mcwilliams@coolidgeschools.org](mailto:dan.mcwilliams@coolidgeschools.org) or 520-723-2066.

### Food Service

Food service will be serving Grab 'n Go breakfast and lunches for those students that attend. It will not just be cereal or cold sandwiches but will have some hot meals in the sacks. It allows us to reduce risks and limits exposure by social distancing. All meals are free to CUSD students and no application is needed. Additionally, we will be continuing our drive throughs for on line students and for community children 18 years or younger.

### Athletics

Fall sports will continue with additional safety guidelines from AIA. Each sport will have different recommendations which include parameters for spectators.

### Extra-Curricular Activities

These activities will begin on a limited basis.

### Mitigation Procedures

Face coverings are required per the Governor's Executive Order.

Visitors are not allowed nor large gatherings.

Students will not be allowed to "hang out" after dismissal or practices. School grounds will need to be cleared for appropriate sanitation and disinfection.

Remote meetings will be the preferred method of contact during this phase.

We are very excited that we can begin in person school, albeit a phased in approach. The effects of this virus have been tough on our way of life and we believe many are ready to go back to some semblance of normal. As we reopen, we must remember to balance realism with optimism and hope for the best, yet acknowledge and prepare for any setbacks or obstacles. We are resilient and Coolidge Strong is our motto.
